## THE ALUMNI.

Closing of the Week's Events at the Normal.

Friday night marks the close of the year's activity at the normal. It is the night that the class of by-gone classes gathers to the old Alma Mater for the annual reunion and for the reception by the association of the class that graduates this year. Preparations have been in progress for some time with a result that the executive committee, having the affair in hand, expects to give the members a splendid time. The principal entertainment of the evening will be the banquet at which a number of well known people will be heard. The list includes Governor Kibbey, Col. McClintock, Judge Layton, W. A. Hill, several members of the faculty and a number of the members of the association. The banquet will be followed by dancing.

## M. &amp; P. ROAD WORK.

The Work Between Here and Maricopa Progressing Nicely.

Engineers Perkins, Harris and Kimball of the M. & P. railroad, came in from their camp between here and Kyrene yesterday afternoon to do a few days work on the bridge here. They report that the work of raising the grade of the track between here and Maricopa is progressing very nicely, a large force of men and teams being engaged in the work. The entire roadbed south of the Worms canal will be regraded, the grade leveled and new steel put in. Already the work has been completed for a couple of miles south of the canal and for a distance of several miles in the vicinity of Kyrene the heavier steel has been put in. At the same time the roadbed will be widened to eighteen feet and when the road is completed the entire distance between here and Maricopa will be in good shape.

assistance of J. F. Kelly, as secretary. The only matter taken into consideration was how to entertain this party. Either a reception will be given them at the Alhambra hotel or on Chandler's lawn. This whole matter, after considerable discussion, was left in the hands of a committee, consisting of J. E. C. Jordan, W. L. Latham, F. T. Pomeroy, Harry Chandler and Chairman Waring. This committee will be in constant communication with the Water Users' association at Phoenix for further plans.

The party consists of about twenty-five people, and will arrive in Mesa on a special train, early on the morning of the 6th, next Tuesday. Temporary seats have been arranged for the party, which will be under the able management of our popular hostess, Phil Metz. Directly after getting here the party will leave for Roosevelt, making Fish Creek the first night, the next morning the 7th, leaving there for Roosevelt. After inspecting the work going on at the dam, they will return to Fish Creek and stay there on the night of the 8th, the next morning returning to Mesa, when the reception will be given them. The committee will make further arrangements.

This reception does not apply to a few, but to everybody, especially the farmers.

The visit of the congressional committee on irrigation means a whole lot to the people of Mesa and surrounding country. Every effort should be put forward to show what we have, so as to make a favorable impression on the minds of this important party. Never before in the history of Mesa has so large a number of prominent men from our national capital visited Mesa. Our streets should be cleaned and everything put in readiness to receive the party with open arms.

## NEW STORE.

Tonight W. D. McElroy and more his vegetable market and the old postoffice building. The stock will be enlarged and a complete line of groceries added. The new store will be thoroughly up to date in every particular, and as to the treatment, if anyone can say that Will don't do the right thing in his usual cordial way and the evening was most delightfully spent. The guests were laden with an abundance of ice cream and cake and after refreshments were served the time was pleasantly spent in games and music.

A CAR OF HIDES.  
H. Markovitz of Los Angeles was here yesterday buying hides. He makes this part of the country about the first of every month and each time usually ships at least a car of hides and sometimes more. This time he ships one car, which will go out tomorrow evening. He went to Florence today for the purpose of buying what hides were there for sale.

THE GENERAL AGENT'S VISIT.  
General Agent W. S. Goldworthy of the Santa Fe was here for a short time yesterday morning. It being his first official visit to this place. He said that the matter of weekly excursions over that road during the summer was under consideration and in all probability they would be run at least once each week and if such was the case the announcement would be made some time beforehand in time at least to give the people ample time to make arrangements to attend, and not a day before the excursion as was the case last week.

AN AFTERNOON PARTY.  
Yesterday afternoon at the home of F. A. Hough, Miss Mary Hough and Miss Mildred Eichenberger delightfully entertained about twenty of the young ladies of the normal school. The afternoon was spent in games and music and dainty refreshments were served.

A PRIVATE PARTY.  
There was a private excursion party to the park Friday evening in which only a few participated. It seems that a couple of young ladies and a young gentleman who had intended to take the train were a little slow and were left. They being undaunted started to walk the bridge in the hope of securing a conveyance of some kind on the other side of the river. Fortune favored them and they came on a handcar, the driver of which was secured permission obtained from a member of the bridge crew and one of the members taken along as a guide. They reached the park an hour or two after the performance had started but enjoyed the trip nevertheless.

PERSONAL MENTION.  
Chas. Waterhouse returned to civilization yesterday after an absence of three weeks at the Tempe dam. He reports that the work there is about completed.

Carl Cosby, who has been here for about two weeks, leaves tonight for his home in Cincinnati, O.

M. C. Webb and son, Jay, came down from Tonto yesterday with a bunch of cattle.

The Ryder Lumber company received a car of lumber yesterday from the northern part of the territory on the Santa Fe.

Dalla Miles left last evening for his home in Monticello, Ark.

E. A. Clark had a valuable horse to drop dead yesterday while working in a field.

The normal board held a regular meeting Friday evening at which time the appointment of the normal visiting committee for the ensuing year was made. It was as follows: Mrs. Chas. H. Jones, chairman, Tempe; Geo. Christy, Phoenix, and Dr. Wilbur, Mesa.

NOTICE.  
There will be a business meeting of the Alumni association of the Tempe normal school at 10 o'clock a. m. Friday, June 9, '05. Election of officers for the ensuing year will be held and such other business transacted as may properly come before the meeting.

By order of the president,  
CHAS. A. STAUFFER,  
ALICE CURNOW, Sec'y.

MESA  
MASS MEETING.  
The citizens of Mesa met last night in response to a hurried call, at the office of Dr. A. J. Chandler. The meeting was held to discuss ways and means for providing entertainment for the Prigional committee of Washington, D. C., which will be in Mesa next Tuesday. Mayor J. L. Waring acted as chairman, with the able assistance of J. F. Kelly, as secretary.

## EXACTNESS OVERDONE.

A tale is told of a Kansas minister, a strict disciplinarian in the art of words whose exactness sometimes destroyed the force of what he was saying. On one occasion in the course of an eloquent prayer, he pleaded:

"O Lord! waken Thy cause in the hearts of this congregation and give them new eyes to see and new tongues to do. Send down Thy lev-er or lever, according to Webster's or Worcester's dictionary, whichever Thou usest, and pry them into activity."—verybody's Magazine for June.
